

About the ministry

MNA Disaster Response called Mike Kenamer to serve as TAG (Tennessee, Alabama, Georgia) regional specialist in 2015 for the purpose of coordinating responses in the region as well as training, coaching, and encouraging individuals and churches to engage in disaster response.

In 2018 MNA called him as manager of the MNA Disaster Response Warehouse in Rome, Georgia. In this role, he assures that tools and supplies are ready for deployment to disaster sites across the US and Canada. He also developed and maintains the inventory system. Mike serves as the lead trainer for MNA Disaster Response and regularly schedules training at the Charles H. Jones Family Disaster Response Center, which is part of the warehouse campus.

2022 GOALS

Ministry Transition

Mike and Trisha Kennamer started volunteering with MNA Disaster Response in 2005 and Mike has been on staff since 2015 while working a full-time job. At the end of 2021 he will retire from his full-time job to devote his energy to the ministry. This will free him up to respond to disasters and to serve more at the MNA Disaster Response Warehouse.

Communicate

- Distribute 12 regional and 4 warehouse newsletters
- Share the ministry with 12 churches

Prepare

- Coordinate 12 warehouse work days
- Upgrade warehouse inventory system
- Maintain the TAG Region Response trailer
- Host 6 warehouse work teams

Train

- Teach 6 training sessions

Respond

- At the request of local churches, respond to all disasters in the region

2022 Budget Needs

MNA provides administrative support to its ministries. However, each MNA ministry must raise adequate funds to operate the ministry. For 2022, \$48,000 is needed to support the Warehouse Manager and TAG Region.

- \$12,000 for operations and travel (ongoing expense)
- \$36,000 for personnel expenses (ongoing expense), including supplementing retirement income and paying increased healthcare expenses.

The faster these funds are raised the more time can be devoted to the work of the warehouse and the region. Please consider partnering to support this important work.

Join us!

Your one-time or ongoing (monthly, quarterly, or annual) donation will help us serve those who have been impacted by disaster.
